General Comments

Upon my arrival to the center, I was screened and logged in. It appears the center is following COVID guidelines well. Group logs in the classrooms appear to be kept up to date.

Ratio was met in each room, and the children appeared to enjoy the activities. In one room, I saw the children participate in a self-directed activity where they made a 'school bus' with chairs, and all children participated by riding in the school bus and singing "Wheels on the Bus". The educator asked them questions about the activity while they were partaking in it. It was a spontaneous activity and encompassed elements of the NB Curriculum. Another classroom finished making crafts and the children were planting seeds to grow into plants. It looked like they enjoyed working in the soil.

I checked staff files for each staff member and they contained all necessary documentation. All checks are up to date. The 50% ECE requirement is met.
