General Comments

Monitoring visit performed.
Admin records reviewed and operator tracks the child and staff attendance arrivals and when they depart, incident reporting log book is also tracked. Fire drill performed monthly . All good!
Lots of wonderful programming observed during my visit - some of the boys making bracelets, the girls were playing with lego - building houses, others were coloring. All children were observed eating snack and all followed appropriate hand washing techniques before eating.
Snack served - Operator provides a variety of crackers, cheese, apple sauce and fruit cocktail, water. Always lots of variety served.
This is a busy spot - children also were observed enjoying outdoor play.
Currently the operator has 2 NBCC practicum students on site and they were working with the children making dream catchers, bracelets, pictures etc.
Appropriate child guidance practices observed. Staff were observed providing lots of choices and activities for the children to participate in. The centre is always inviting and all geared up and decorated for Valentines.
