General Comments
<p>Monitoring visit performed. No deficiencies observed.</p> <p>Covid recovery Phase guidelines are being followed. This facility goes above and beyond and continues to complete temperature checks upon arrival. Screening and a temperature check was completed upon my entry too. Two bubble log groups are maintained and documented daily. The operator has addressed drop off and pick up now that we are moving into the winter season.</p> <p>One group was observed playing outdoors. All groups observed eating afternoon snack. The operator is no longer preparing snacks sadly but due to covid this was a decision she made to end meal planning and preparation.</p> <p>Incident reports are being tracked and documented as well.</p> <p>Children are hyped on getting ready for Halloween activities and dressing up. The facility is all decked out to celebrate Halloween festivities.</p> <p>Staff observed engaged with children and lots of conversation observed and provide assistance if needed. Appropriate child guidance practices observed.</p>
