Name of Early Learning and Childcare Licensing Staff Laura Casey		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Licensing staff arrived to conduct the renewal inspection. The main space was organized and clean. Art supplies, board games, wooden blocks, Pokemon cards, Lego and literacy materials were present and in good condition. Photos for Birthday celebrations were on display as well as a kindness wall with positive words of affirmation. Once the children arrived, proper handwashing was observed before eating lunch. Educators were observed assisting with lunch packages and containers

After lunch, tables were cleaned, and children broke off into small activity groups. Children played with board games, tech deck skateboards, Rubik's cubes and read books on the sofa. Gentle reminders were heard to use indoor walking feet and to be mindful of personal space. Later in the afternoon, a five-minute clean up announcement was made by Educators to prepare to go outdoors. The transition to get ready for outdoors was smooth as the children lined up in the classroom before heading to the hallway to get ready. Headcounts were observed prior to leaving the hallway and once outdoors. Many of the children played together on the snow hill with sleds, shovels and snowball scoops. Educators were actively engaged playing soccer with a group as well as sliding and building snow forts.

During inspection, child and staff files were verified and required licensing documentation was present. Monthly fire drills and outdoor maintenance checks were completed. The daily attendance form was completed, and emergency evacuation plans were posted. The parent board in the hallway was clearly visible and contained required licensing documents as well as a monthly activity calendar.

Licensing staff recommends for renewal.
