General Comments

Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, the children were in the process of eating lunch. As they finished, hand washing was observed, and tables were cleaned to prepare for tabletop activities. The children were observed playing with LEGO, colorings, making bracelets and reading. The Educator gave the children a 5-minute warning before cleaning up to go outside. A headcount was performed before the group went outside, and Educators were heard communicating how many children they were bringing outside.

While outside Educators were spread out on the playground. An Educator gathered a large group of children to play "Ninjas". Others were observed swinging, playing on the monkey bars and climbing the play structure. The playground offers a variety of materials such a Little Tikes Playhouses, balls, basketball nets, swings, monkey bars and multiple large play structures. The group transitioned back inside to do crafts before having afternoon snack.

Staff and child profiles were reviewed today. Files are organized and contain all required documents. Only positive child guidance was observed throughout the visit. Educators were engaged in the activities with the children and were seen offering hugs and words of encouragement.
