**General Comments**

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the Educators were cleaning the classroom and setting up before the children were due to arrive. Pictures of the children, drawings and other artwork were displayed throughout the classroom. The Educator has been taking down some of the artwork to send home as the end of the school year approaches.

Once the bus arrived, one Educator was observed greeting the children and filling out attendance records. As the children entered the facility, personal belongings were hung up and hands were washed. The children sat at the tables and had afternoon snack while others colored or read. Once the children had finished afternoon snack, tables and floors were cleaned and the children gathered on the mat to play a game of "Going on a Picnic".

Sunscreen was applied, water bottles were filled and bookbags were packed before the children transitioned outside to end the day. Outside the children were observed playing football, using the monkey bars and doing gymnastics. The Educators were well spread out to ensure proper supervision. Only positive child guidance was observed. The Educators were engaged with the children throughout the afternoon, sitting with them during snack time, laughing and engaging in conversation.
