- Diaper changing station is found at the back of the center near the washroom, individual space is provided for diapers and changing necessities. The changing table is equipped with a safety strap and covered with a non-absorbent layer, it is separated from the food preparation and is located one meter or less from a sink and children are always supervised during diaper changing.
- Diaper changing station is located one meter or less from a sink

Observations: When arriving at the center, children were finishing their snack. They were all asking for a dance party, so once everybody was done eating, disco light was put on and Halloween music started, dance party was on. They then transitioned into free play, drawing, crafting and getting all dressed up has a superhero and princess. When I was leaving, they were getting ready for lunch. They didn't go outside to play since it was raining hard early this morning and everything was still wet, staff was planning on going after nap.
