General Comments

Licensing Staff arrived at the facility to introduce themselves as the new Quality Assurance Monitor and conduct a Monitoring Inspection. Upon arrival, the children in the morning program had just arrived and were getting settled in. The Educators and children were observed drumming and singing together. A few children were seen drumming while others dance and sang along.

The classroom was tidy and welcoming. A variety of invitations were set up throughout the classroom. One table was set up for "Cookie Decorating". The table had playdoh, cookie trays, cookie cutters and a variety of utensils for the children to use. Another table was set up as a "construction zone" with construction hats, trucks, measuring tapes, tools, wooden discs and safety cones. A family brought in a Sensory Winter Pack for the children. The children squeezed, rolled and made different creations with the clay. One child made a birthday cake, using pencils as candles. Once the cake was ready, the child walked towards an Educator, singing happy birthday. The Educator clapped and thanked the child for the beautiful birthday cake.

Later in the morning the tables were cleaned, hands were washed and the children sat at the tables for morning snack. Before eating, the Educators and children said the Maliseet Prayer. Today the children had blueberry muffins, watermelon, blueberries and milk. Only positive child guidance was observed during today's Monitoring Inspection. The Educators were attentive to the needs of the children, encouraged their independence and were heard praising the children, "Look! You did it. I'm so proud of you." Fire drills were posted and up to date.
