General Comments

Licensing Staff arrived at the facility to conduct the Renewal Inspection. Upon arrival, the children were still in the process of arriving at the facility. The indoor environment was bright and welcoming, with activities set up for the children to explore. A large sensory table was filled with colourful paper confetti, balls, animals, pom-poms and flowers. One Educator was seated at a table with a fall-themed craft for the children.

Throughout the morning, the children freely explored the classroom and participated in a variety of activities, including a marble painting craft and imaginative play at a market stand stocked with fruits, vegetables and treats. The Educators were observed following the children's interests and providing opportunities to build on their ideas through play.

Proper handwashing was observed before the children gathered for morning snack. Today on the menu was scrambled eggs, cut-up watermelon, goldfish crackers and cheese. Milk and water were also offered. The children appeared to enjoy their snack, with several returning for additional servings. Once finished, the children cleaned their plates and placed them on the snack trolley.

As the children finished eating, several gathered around the drum. An Educator joined them and played along, encouraging their interest in music. Once everyone had finished snack, the group prepared to transition outdoors. Outside, the children were observed playing with Little Tikes cars and crawling through a tunnel.

Throughout the inspection, only positive child guidance was observed. The Educators were attentive to the needs of the children, offering hugs when needed and celebrating their accomplishments. It was evident that the Educators had developed strong, positive relationships with both the children and their families.

Staff and child profiles were reviewed. As a reminder, please ensure that all staff files contain the required documentation and are organized so that records can be easily accessed when needed.

Licensing Staff recommends for Renewal.
