General Comments

When I arrived the children were happily playing. The two year old group were doing a hand tracing activity. During my inspection the children got ready for outdoor play time. The outdoor play area has plenty of materials for the children. The children made snow castles and buried dinosaurs in the snow. The center is extremely clean and welcoming. The classrooms was wonderfully arranged to meet all required categories for the NB early learning Curriculum. The educators were engaged with the children and I heard plenty of positive guidance during my visit.
