General Comments
<ul style="list-style-type: none"> - Ratio was respected during the visit. - Children enjoyed play in the indoor environment during the inspection, it was too cold to go play outside. Educators were engaged with the children, being at the children's level providing support and having conversations. Learning stories posted highlights children's recent learning and interests. - Material used into the classroom is giving the children's opportunities to explore and create. I've seen great use of the loose parts into the tree year old room.
