General Comments
<p>Visit to the facility for the annual inspection. Ratio was respected during the visit.</p> <p>Reminder to operator to ensure all lunch boxes have their names on them and ice packs in them if they are not placed in the fridge.</p> <p>Several staff members were missing the signed declaration in their file, the operator had staff members complete this while the inspection took place. They are not compliant.</p> <p>Discussion with operator regarding spacing between cribs and cots, 46cm must be between each crib, cot or mat.</p> <p>Cleaning products were a shelf in downstairs bathroom on a shelf. Although they were out of the children's reach, these must be locked under key when not being used. These were moved during the inspection.</p> <p>Recommending to operator that all children's profiles be reviewed to ensure that addresses are complete.</p>
