<p>General Comments</p> <p>Licensing staff arrived at the licensed facility to conduct a licensing monitoring inspection visit on August 23, 2022.</p> <p>The children had just returned from a free swimming activity at the local community centre. A reduced ratio was maintained while at the swimming pool. There were 2 educators for 6 preschool children present at the swimming pool.</p> <p>Once back at the centre the children had their lunch. While the children were eating their lunch there was a conversation about how a child likes pepperoni in their Kraft dinner and from there the educator took out the Pete The Cat - Perfect Pepperoni Pizza and read it to the children. The children read along with the educator while finishing up their lunch. This is a wonderful example of extending the learning and listening to and being aware of the children's interests. Well done!</p> <p>The outdoor play environment is very welcoming and full of rich natural materials. The operator discussed with licensing staff a plan for the future involving cutting out an area in the forest that is beside the centre for the children to have an alternate outdoor play environment. This is very exciting and I look forward to seeing the end product.</p> <p>Please ensure that regular raking of the sand in order to maintain the safety of the children.</p>
