General Comments

Children were engaged in reading stories independently and with educators upon arrival of licensing staff. One educator was preparing sensory bins with beans, lentils, aquarium gravel, beads, dinosaurs, letters and bugs. Each sensory bin had tweezers and cups for sorting. Children were given the opportunity to decide which sensory bin to sit at.

Diapering area had diaper procedures posted, and all items were well organized and labeled. Bathroom was clean and well maintained.

Artwork by children was displayed throughout the facility and showed children utilizing a variety of art mediums such as watercolor crayons, paint, tissue paper and sponge paintings.
Documentation of learning is visible and long-term pumpkin project is displayed for the children to observe.

Positive behaviour guidance was observed at all times.
