<p><b>General Comments</b></p> <p>Children were observed in both inside and outside play today during monitoring inspection. It is evident that outside play is part of their normal daily routine.</p> <p>Discussed with educators downstairs adding materials to the block centre: Foam blocks, pipes/connectors, pictures of buildings and clipboards with pens/pencils. Also discussed with them adding "real" items to the dramatic play area: tea kettle, electric frying pan, pots, dishes, ladels, spoons etc. When adding kitchen items with cords ensure the cords are removed prior to giving to the children to interact and engage with.</p> <p>It was great to see the children engaged in singing songs upstairs in the two and three year old group.</p> <p>New child sized furniture has been purchased with operational funding in both upstairs and downstairs as well as new toys. This has enhanced the quality of the environment.</p> <p>Children's learning is displayed throughout each learning environment: Art and learning stories/pictures.</p> <p>Educators observed interacting and speaking appropriately to the children during inspection.</p>
