<p>General Comments</p> <p>Monitoring Inspection--COVID 19 Recovery Phase</p> <p>A monitoring inspection was conducted today. Discussed with administrators and educators adding more materials to the learning environment to support children's learning. Example paint in the paint easel, dress up toys, rugs. Always being aware that the addition of materials and the cleaning protocol surrounding those items.</p> <p>Ensure Educators are aware of the COVID-19 Recovery Phase document which can be found on the Parent Portal. This has the most up-to-date information for all who are involved with the Early Learning and Childcare Facilities. Appendix D of this document is the Cleaning Guide.</p> <p>The children were observed participating in both inside and outside play and it is obvious that outside play is part of their normal daily routine.</p> <p>Documentation on the wall in the upstairs preschool room supporting the children's current interests in Luna Moths.</p>
