Comments: Downstairs Preschool Room: * Grey wall behind kitchen centre, nail holes exposed. To be crack-filled and re-painted. * Block Centre Room, Main Room, Quiet/Book centre room: base boards, paint chipped, to be repainted. * Floor between main room and book centre room; tile broken to be repaired. * White bathroom stool legs accumulating dirt/debris to be cleaned. Entry Way: * Edge of heater broken to be repaired. * White baseboards, paint chipped. to be repainted.			

General Comments A renewal inspection was conducted today. The children were observed during morning snack, outside play, inside play, lunch and quiet/nap time. Discussed with educators in the preschool rooms' documentation, forms of documentation, webs (group and individual), as well as a sensory area for the children. Discussed that since there are a number of children with cold symptoms, it is recommended that sensory items such as sand, water, and play-dough be put away for a least two weeks to see if that will help to try to eliminate or control the spread of the cold virus at the facility. A wide variety of open-ended, age-appropriate materials are available both inside and outside for the children to interact and engage with. Discussed with interim director the changes to the outside play area and that an Application for Changes is to be submitted to the Quality Assurance Monitor.
