Order for Compliance	Regulation	Date to be corrected	Date corrected
Comments: Downstairs change area: * A new diaper changing area is being used in the downstairs preschool area. In this room toxic products such as Tide Pods, Dryer sheets, Javex, paint, GoGone, Bleach, Windex were observed. Discussed if this area is to be used a diaper changing area, then all toxic products must be removed.			

General Comments
<p>A renewal inspection occurred today. The children were observed preparing for outside morning play, playing in the outside play area, inside play, lunch and nap/quiet time. Handwashing and diaper changing was also observed and correct procedures were followed.</p> <p>Discussed with Administrator having creative art materials available and accessible for the children. Placing them in clear, covered, containers on the shelf for the children to access at any time. Some items such as google eyes and small pompoms can be added to these containers as well. Children can use these under direct supervision by an Educator.</p> <p>Discussed the changes in the outside play area and how the area is enhanced with the addition of the climbing structures, houses, slide etc.</p> <p>Educators in both Early Learning Environments were observed speaking kindly to the children, tending to their needs appropriately and having positive interactions.</p>
