Order for Compliance	Regulation	Date to be corrected	Date corrected
Comments: School Age Room on back of facility: * Kitchen unlocked, toxic products under cabinet. *White cabinet on far wall. Lysol spray in cabinet. These are to be locked at all times. Corrected during inspection. Deficiency is now compliant.			

General Comments
A renewal inspection occurred today. The children were observed during inside play only due to inclement weather. A wide variety of the children's learning is documented and displayed throughout the preschool room as well as the two school-age rooms. Discussed with the Administrator the requirements for the Board of Directors as well as the requirements for Professional Learning for Educators.
