<p>General Comments</p> <p>When I arrived, the children were playing in small groups. One group was playing with the Legos and the other group was sitting at a table talking. At noon the children had lunch and then went outside. The children remained outside until I left.</p> <p>There is a TV and a video game system on site, as per the Educator, those are only used occasionally for special activities.</p> <p>The educators were kind and respectful towards the children and were often seen engaged with them either in conversation or play.</p> <p>The Quality Assurance Monitor had noted concerns with cleanness and organization back in May 2021, however, today, the centre is organized and clean. Staff were observed cleaning throughout the day. The space is also divided in different activity stations.</p> <p>Please ensure that kids files are up to date and include expiry dates for Medicare cards.</p> <p>I would recommend that the emergency kit be cleaned out to remove excess items and things that are not meant for the emergency kit.</p> <p>I recommend for renewal.</p>
