Comments: During the monitoring inspection the Quality Assurance Monitor verified 6 staff files. One of the staff files contained a criminal record check but was missing the vulnerable sector check. The operator and administrator stated that they were sure the staff had completed their vulnerable sector check. The staff member was asked to leave until they received a proof of a valid vulnerable sector check. The staff returned during the inspection with the original copy that indicated that the additional verification had been done but had not been placed in their file. A copy was immediately inserted in the staff records. Deficiency is now compliant
