General Comments

The Quality Assurance Monitor is on site for a monitoring inspection.

The Quality Assurance Monitor is present during indoor play, snack time, and outdoor play.

The Quality Assurance Monitor observes the children engaging in a variety of activities, including building with Legos, colouring with markers, reading books, sharing stickers, and painting pumpkins.

During the monitoring inspection, the file of a new staff member was not available on site. The administrator promptly retrieved the file from another facility, and the Quality Assurance Monitor was able to access it within five minutes. The Quality Assurance Monitor has a discussion with the administrator regarding the importance of always maintaining a complete copy of each staff member's file on site.

The Quality Assurance Monitor verified these items:

- ratio and maximum number of children
- child records
- signed consent in the child's file
- incident records
- child guidance

During the visit, the ratio is respected.
