General Comments
I arrived for a visit and the children were playing outside. The children were showing me creations they were making with their soil and water! They also showed me bugs they have been collecting. They went for a walk this morning before it got too hot out. This week they made tie dye face cloths and they have been practicing their drawing and writing on the driveway in chalk. The program is following the NB curriculum. The children are familiar with the routine of the program and they told me what the rest of their day will look like. It's important for the children to have consistency and they appear to have that in this ELC home. The operator also signed the designation agreement today.
