<p>General Comments</p> <p>This was a follow-up visit to verify non-compliances for renewal inspection.</p> <p>The outdoor play space has had work completed within it. The operator has added extra shade for water play. The snow blower has been moved and the blades are facing away from the children's play area. Operator stated that the BBQ will be placed on the back deck where the children do not play. If the BBQ stays where the children play, please put a cover over it as the gas tank should be covered or taken off when not in use.</p> <p>The Operator has purchased a new play pen so currently there are no holes in it. Also, a cover that can be washed was purchased for the mattress. The Operator stated that they would wash it once a week.</p> <p>The Operator has maintained cleaning lists. I am referring this facility to your Quality Assurance Monitor for</p>
