Comments:			

<p>General Comments</p> <ul style="list-style-type: none"> -Unannounced monitoring inspection at facility -Ratio was respected during the visit -Children's records have the required information -Employee's files have the required documents. -Administrator and educators hold a valid first aid certificate and a valid CPR certificate -Signed consent forms are signed by parents and are into the child's file -Easily accessible space is provided for personal belongings, the identified space needs to be labeled with the name of the child, educators are working on finding a suitable way for that space to be identified with the child's name. -Parent notifies the operator when their child will be absent and indicate whether the absence is due to illness or another reason. -Children who become ill are supervised and separated from the other and parents are required to pick up their child within one hour of notification. <p>Observations: When arriving at the center all children are into free play. The room has 8 different areas with material adapted to the children's age and interest. Some are playing with k'nex, others or building towers with large cylinders another group are just chatting sitting in comfy chairs. All children are engaged with others and in games.</p>
