General Comments

On the day of my visit I was properly screened upon entry and all Covid protocols are being followed. the junior babies were playing outside in their play area and the senior babies had gone for a walk. I reviewed the compliances from my last visit and the change table has a safety strap and all the files that I reviewed have their immunizations.

There was evidence of programming and learning stories on the walls. The classrooms have been organized and painted and look great. Great progress has been made in diminishing the clutter so please remember not to pile things up high in the nap rooms as this could cause things to fall down on the children.

The outside play area has been organized and is more interesting and supportive of the children's play.
