General Comments

On the day of my visit the programs were functioning well. The children were playing outside and the Administrator was outside as well cleaning out the storage shed and organizing their materials. The outdoor play area was opened up again (post Covid regulations) and the children have 3 sandboxes, a swing, a tunnel slide, a small hill and a mud kitchen. The Administrator brought outdoor toys outside however the staff need to distribute the toys to the mud kitchen, the sand boxes etc. More brooms for staff and for the children would help staff with keeping the sand and mulch off the path the children use for riding tricycles. The sand boxes will need covered every night to keep animals out of them.

Inside the new Administrator has made some positive changes to the environment. The staff room looks great; clean, organized and more pleasant to relax in. The doors to the classrooms have been re-painted white and the pipes are being dusted regularly. The broken window in the 2's room is ordered and being fixed and the cracked tiles in the hallway and carpeting are being removed/fixed in the Fall.

Some classrooms like the 4 year old room need de-cluttered, organized and their materials sorted and reviewed for suitability and/or disposal. The windows are quite dirty inside and out and need cleaned.
