General Comments

- Visit to the learning center for an unexpected monitoring inspection
- Ratio was respected during the visit
- Indoor environment provides for children a space that is safe and clean. The material is varied and in sufficient quantity for all children present, easily accessible on low, open shelves
- Toxic products, and cleaning supplies are locked and inaccessible to children
- Educators are using the curriculum in the language in which services are provided
- Proof on premises that educators have completed 10 hours of professional development per year
- The operator has implemented and is monitoring the quality improvement plan
- No hot beverage was found in the children's indoor and outdoor play area
- A first-aid kit and a phone are always accessible on site and on outings
- Each napping child has a cot or nap mat that is appropriate for their height
- There is a space of at least 46 cm between rest equipment and all nap equipment is washable and non-absorbent
- Each cot is stored so there is no contact with another napping equipment or are disinfected on both sides after each use
- The inspection check list was given to the director of the daycare.

Observations: When arriving at the center children were out for a walk, when arriving they played outside for a few minutes. They came in ate their lunch, infants went to sleep, and the preschools kids went to play outside.
