General Comments

A renewal inspection occurred on January 6, 2025.
Children were observed during morning free play, lunch, and after noon free play. Handwashing was observed occurring numerous times during the inspection.
The ELC Home is set up with a variety of interests centers including art, music, manipulatives, dramatic play (dress up), blocks, sensory, book/library. Children were observed being able to freely choose which activity they would like to explore. Operator was observed setting up interest centres on the table after lunch. A sensory activity of "snow slime" was set up and those children who wished to engage in the activity did so. One child did not want to participate in this and was observed reading a book.
A Tuff Tray has been added to the children's learning environment, and it was observed set up with packing foam pieces, small loaders, small dump trucks, mini snowmen, wooden trees, a book. Children were observed "plowing snow" and searching for snowmen during the inspection.
Children's past learning is documented and displayed for the children and parents to revisit at their leisure.
ELC Home is recommended for license renewal.
