Order for Compliance	Regulation	Date to be corrected	Date corrected
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Mar 07, 2024	Mar 06, 2024
Comments: The inspector observed 2 bottles of Window Cleaning Products (Windex) in a bathroom with a child lock. The operator must ensure that all toxic products are locked. While on site, an educator immediately locked the cleaning products in a designated locked area. Deficiency is now compliant.			

General Comments
<p>During the renewal inspection, the inspector observed the children playing freely inside. The educators are engaging with the children. The inspector observed an educator playing Bingo with letters, having circle time, counting the numbers with pencils.</p> <p>While on site, the inspector asked an educator regarding an EpiPen. The EpiPen has no identification from the pharmacist. The inspector recommends discussing it with the parents.</p> <p>A discussion occurs with an educator and the operator regarding the PL hours. Educators who are enrolled towards their second year in their Early Childhood Education course are not required to have their 10 hours of professional learnings.</p> <p>The ratio is respected during the inspection.</p>
