Address 111 Park Street Fredericton NB E3A 2J6			
Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

All children were observed playing outside during today's monitoring inspection, enjoying the warmth and sun!

Because the outside plays space belongs to the school, it is quite large and used by different organizations and families, educators ensured they were always moving around to ensure proper supervision. Educators ensured that parents/guardians communicated with them before bringing their children home for attendance purposes. Educators decided to go inside and retrieve the Go-Go pinnies when they found the playground getting busy.

Educators were observed being attentive to all children during today's monitoring visit. They were observed doing several bathroom and water bottle filling breaks throughout the afternoon. They were also quick to act when children were hurt to provide comfort, reassurance and first aid (if need be).

There is what appears to be the top part of black and white PVC tubes sticking out of the ground next to the yellow slide. Please ensure that the school is aware of this tripping hazard and that the area is blocked off (pylon) to ensure children and staff don't trip. It is also recommended that Go-Go contact to school regarding the protective surfacing around the white and red play structure being very low. Go-Go has been ensuring that no children use this structure for some time due to rusting issues causing possible safety hazards.

A reminder to please ensure that if the children decide to have snack outside that they wash or sanitize their hands before and after eating.
