

Early Learning and Childcare Facility Inspection Report

Type of Inspection:
Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

Name of operator Go-Go Group Inc.	Licence Number 2010019	Inspection Date May 15, 2024
Facility Name Go-Go After School Park Street		Telephone Number (506) 455-5496
Address 111 Park Street Fredericton NB E3A 2J6		
Name of Early Learning and Childcare Licensing Staff Jennifer Godin		Position Title Quality Assurance Monitor

Order for Compliance	Regulation	Date to be corrected	Date corrected
30(1) A full-time or part-time early learning and childcare centre shall have an indoor play area of at least 3.25 m ² for each child receiving services at the centre.	30(1)	May 15, 2024	May 15, 2024
Comments: Deficiency is now compliant There were 19 children present at time of inspection. All children were observed playing outside, but should they have had to be moved inside, the classroom (C5) that was provided to them that day, as their regular licensed rooms (library and gym/stage) were not available, only measured for 18.			
32(1) An operator of a licensed facility shall provide indoor play area materials and equipment that are (a) varied and in sufficient quantity for the number and ages of the children receiving services at the licensed facility.	32(1)(a)	May 15, 2024	May 15, 2024
Comments: Deficiency is now compliant Children were outside playing at time of inspection. Go-Go After School Park Street does indeed have an abundance of material for children to play and explore with, but at time of inspection, due to their licensed space not being available to them, only Lego, linking logs, wooden blocks, gears, craft supplies, and some books were observed to be available to the children in room C5.			

General Comments
<p>Children were playing outside when I arrived for today's monitoring inspection. Children were observed playing with basket balls, on play structures, chalk, bubbles, etc. Educator created a life-size snakes and ladders board for the children to play with. Many children were observed enjoying using themselves as board pieces while climbing up chalk drawn ladders and sliding down chalk drawn snakes.</p> <p>Educators were observed interacting with children throughout the entire time of visit. They were observed bringing craft supplies outside, sitting with the children and partaking in the craft, playing basketball, playing several games of "build-a-man" with the children in the school's outside classroom, pushing them on the swings, etc.</p> <p>Children all wear green "Go-Go pinnies" while outside. This helps educators easily identify children who are in Go-Go's care while using a public/school playground. Educators were observed performing several head</p>

General Comments

counts, and ensuring they were moving around the large outside play space to ensure proper supervision of the children.

Observed an educator ID an individual during pick-up time, ensuring that the child was released to only approved individuals.

For safety reasons, Go-Go is still ensuring children stay off the red play structure that appears to be rusted.

Facility's licensed indoor play spaces were not available to them today due to a school production going on in the gym.

The main licensed rooms for Go-Go After School Park Street are 15 spaces in the library and 30 in the gym. For September, please provide licensing staff with the required documents to confirm alternate rooms (for a total of 45 spaces) that children and staff can use should their regular licensed locations be unavailable to them during the upcoming school year. A letter of agreement for all licensed rooms between Go-Go and the school will also be required at this time.
