----------------------	------------	----------------------	----------------

General Comments

The Quality Assurance Monitor is on site to conduct a monitoring inspection.

The Quality Assurance Monitor is present during morning snack, indoor play, and outdoor play. During indoor play, the children are observed engaging in a variety of activities, including reading books, watching a documentary, colouring, participating in gymnastics, building with blocks, playing musical instruments, and taking turns on the spinning chairs.

The Quality Assurance Monitor verified the following items:

- Ratio and maximum number of children
- Posted in a visible and prominent place in the facility
- Incident records
- Daily routine
- Premises
- Washrooms
- Personal belongings

The Quality Assurance Monitor had a discussion with the operator regarding the professional learning hours that eligible staff members must complete by May 31, 2026. The operator is responsible for ensuring that all eligible staff members have completed 10 hours of professional learning during the renewal year.

During the visit, the ratio is respected.
