Order for Compliance	Regulation	Date to be corrected	Date corrected
12(3) An operator of a licensed facility shall ensure that a criminal record check or a vulnerable sector check, as the case may, and a check with the Department of Social Development is conducted on each staff member and associated person at least every five years.	12(3)	Aug 03, 2020	
Comments: One educator to complete SD check on or before August 3rd.			
13(2) An operator of a licensed facility shall not employ or otherwise engage a person as a staff member if the person (b) has been identified by a check with the Department of Social Development under paragraphs 12(4)(a) to (d).	13(2)(b)	Aug 03, 2020	
Comments: Staff required to complete SD checks prior to expiry. Please complete on or before Aug 3rd.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (b) child records that include: (ii) the name, address and telephone number of the child's medical practitioner.	24(1)(b)(ii)	Jul 24, 2020	
Comments: Of the child files reviewed I observed 1 file missing the Drs. name and contact information. Please review files for missing information and request from the parent.			
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (vi) a copy of a check with the Department of Social Development.	24(1)(c)(vi)	Aug 03, 2020	
Comments: Please store the SD check in the staff file when it is returned and please email me to verify that it has been completed. Thank you.			
30(3) An operator shall maintain the indoor play area of a licensed facility to ensure the safety of the children.	30(3)	Jul 31, 2020	
Comments: A few observations - some plug outlets need protective covers upstairs and downstairs. Paint is also chipping off the walls and needs repaired as difficult to clean and sanitize. The chair in the infant room also needs recovered or discarded. Currently this room is not being used as no babies on site but some are registered for fall. Foam blocks downstairs are chipped and soiled and must be discarded as it is difficult to clean and sanitize. I would recommend that all children should be wearing footwear for safety purposes ie. prevent slips, falls and/or stubbing toes.			
31(3) An operator shall maintain the outdoor play area of a licensed facility to ensure the safety of the children.	31(3)	Jul 21, 2020	

Order for Compliance	Regulation	Date to be corrected	Date corrected
Comments: The gate needs adjusted as it is not latching. Currently using a string to keep it closed when children are using the outdoor play area. Please fix. Thank you.			
33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Jul 21, 2020	Jul 20, 2020
Comments: Deficiency is now compliant			

**General Comments**

Renewal Inspection performed.

\*Covid Recover Phase Guidelines are followed and children, staff and visitors are being screened and temperature checked prior to entry. Group logs are being tracked daily.  
I observed as per the Covid phase guidelines that Household members living in the home have not been identified and placed in child files. this is a requirement for PH in the event of contact tracing.  
\*During my visit children were observed playing with their own sensory bins, listening to stories, washing hands in between activities, eating lunch and going down for a nap. Operator has purchased new nap mats for the children. I did not observed outside play today. I would recommend that children get outdoors in the early part of the day when it is forecasting high humidity temperatures. Today it is supposed to be above 33oC. It is my understanding that children were outside this AM.  
\*lovely new flooring throughout the centre.
