### General Comments

The first child arrives at 1:30 and the last child by 4:20 and there are a total of six different drop-off times. Children were independent upon arrival today going to the area that they wanted to. One child easily accessed the art materials and a how to draw book and began creating pictures of animals. A second child joined in and began creating a mystery book. Another child joined to create pokemon book marks. Two children went directly to the back of the room and took out the lego and started creating. The resources throughout the room are easily accessible. A science/math centre is located by the door and an arts area for a variety of art materials and writing utensils. The book corner has several pillows and a large selection of picture books, informational books and chapter books. A variety of art creations were posted on the bulletin board including a recent craft of snow and glitter with puffy paint that Jenn created.
