Address 6 Loomcroft Lane Gagetown NB E5M 1H2			
Name of Early Learning and Childcare Licensing Staff Mary Ramsay-Irving		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

I was logged in at the office and then proceeded to the classroom. The after school children and the educators were wearing their masks and hand sanitizer was available. Hand washing took place at appropriate times while I was there. Current COVID guidelines are being followed.

The children were participating in free play when I arrived. They then went outside to gather sticks for their next activity. They made decorative pumpkins when they came in (using the sticks for their stems) and when they were all done, the children started partaking in dramatic play. The children pretended to make pumpkin pie in the kitchen/house center. After that they asked an educator to hide their pumpkins around the room so that they could try to find them. They seemed to enjoy this activity. When they were done with this, then they got ready to go outside to play.

The indoor area is very clean and is set up well. There are various centers which contain lots of materials for the children to play. All material are accessible on low shelves. There is children's work displayed on the walls. The children appear to enjoy painting, drawing and making crafts. Program planning is evident and they have lots of planned activities to do. Tomorrow the group is going apple picking.

I looked at child and staff files and they are well organized. Staff have all their updated checks and first aid certification. First aid kits have been checked this month and they are up to date. All necessary postings are up on the wall. A fire drill needs to be done this month, and so they will be doing one today.

The program appeared to be running well on the day of my visit.
