General Comments
<p>The purpose of this visit was to conduct the renewal inspection. The administrator is hands on with the children and her attention is focused on them at all times. The administrator engages with them and gives them gentle reminders when needed.</p> <p>There are many resources and materials available to the children. The classroom is set up in a manner that attracts the children's interests and gives them many choices. There was also evidence of the children's projects in the facility.</p> <p>In order to recommend the facility for licensing, please forward a completed application and the renewal fee to your Quality Assurance Monitor. The application must also include copies of the criminal record checks for each board member. These are to be kept on file in the facility. If more time is required to retrieve this information, please reach out to your Quality Assurance Monitor, Jenelle Hanscom or your Inspector, Nancy Glendenning.</p>
