General Comments

Children were playing outside today on the playground. Some children were playing ball in the nets, others were playing on the play structure, and two children were sitting on the grass with a visiting rabbit. There were animals brought into the school today and the children had the chance to spend extra time with the rabbit as the owner was present with it.

The educator gave reminders of going inside for snack. Children grabbed their lunch boxes, if they were outside and then placed them on the table so they could all go to the washroom to wash their hands. The educator cleaned the table before and after the children ate.

The children were asking to go outside right after snack as the weather was warm. Children grabbed all their belongings and took them outside for pickup. The educator took attendance before going inside, before the washroom, and before going back outside by calling out the children's names and counting everyone.
