| Order for Compliance | Regulation | Date to be corrected | Date corrected |

General Comments

On the day of my visit the center was running smoothly. The educators were communicating and working as a team.
The two and three year old children were in the outdoor play space. The infants were getting cleaning up after finishing snack. The four year old group were creating poppies for Remembrance Day.
The educators actively participated in activities with the children during my visit.
Please update the parent board with new inspector information.
