| <p>General Comments</p> <p>When I arrived, the children were having snack. They followed with painting dinosaur figurines and then went outside. The children played in the backyard, Holly set up the water table and then they went for a walk. The children came back inside around 11 am and got all cleaned up and then the children sat in the reading nook and Holly read them books. The children then cleaned up and went upstairs for lunch. The outdoor space is well equipped with lots of outdoor toys and activities for the children.</p> <p>The indoor play space is well organized. Lots of materials for the children. The space is divided in different activity centres with a kitchen area, reading nook, a corner with blocks, doll houses and an arts and craft area.</p> <p>Holly is engaged with the children and all the children seem happy and well established in their routine. Playpens are not recommended for unsupervised sleep; therefore, a video monitor is required for both rooms when children are napping.</p> <p>Everything is in compliance today; I recommend for renewal.</p> |
