General Comments

Monitoring report performed. No compliance requirements to address. Facility is well operated. Some of my observations include...

- *Staff are tracking children and staff attendance records. A fire drill was performed in the month of March and will be performed with the group not on site during March Break. Drills are practiced monthly.
- *Children enjoying a yummy lunch - Hummus, Pita bread, greek salad and milk.
- *Staff records were reviewed and all staff have updated first aid completed. Some staff are on a waitlist to complete the 60 and/or 30 hour Intro. to ECE. Most staff have completed their 1 year ECE certificate. Operator plans to follow up on other staff to ensure they are meeting the requirements of section 11 in the NB Regulation.
- *Appropriate child guidance practices were observed. Staff were observed speaking kindly to the children, answering questions etc. It would seem the practice in this facility to prepare children for naptime is to read a story. Children who do not nap participate in free play exploration opportunities and quiet activities.
- * please encourage staff to be extra vigilante with hand washing and teaching proper methods of coughing and sneezing with the children in light of the chief medical officer's recent direction.
- *Lots of current programming is posted throughout the centre and classrooms. Outdoor play was observed also.
