General Comments
<p>Visit to the facility to complete annual renewal inspection. Ratio was respected during my visit. Discussion was had with administrator regarding Professional Learning Hours. Some educators have not yet completed their required hours; however, a plan is in place to have them completed before the renewal date of the licence in February. The administrator will provide a copy of the record of professional learning hours once completed. Outdoor play area will be reinspected once the snow is melted.</p> <p>Observations: All children played outside, when coming back in some worked on a Christmas project while others read books and played in free time. All kids washed their hands and got ready for lunch. After lunch, some children had naps while others had quiet time and played calm activities.</p> <p>This facility meets the requirements of the early childhood act and regulations. Licence will be recommended for another year.</p>
