General Comments
The Quality Assurance Monitor is onsite for a monitoring inspection follow-up. During the visit, the Quality Assurance Monitor was able to see that the first group of school age children were using the game room. The children were engaged in several activities. The Quality Assurance Monitor was also able to observe an educator respect the interest and the needs of the children's when they asked to paint. The Quality Assurance Monitor has recommended that more material be added to this room to allow children to have more meaningful and enriching play.
