General Comments

This licence consists of two rooms, main gym upstairs and west gym downstairs. Main gym was not inspected today because it's currently being used by the University.

The west gym was set up and contains all the materials necessary to meet the children's interest and needs. One thing missing was hooks for the children's personal belongs, however, those will be set up when they use the space.

Currently this licence is on hold, therefore, no children or staff are currently registered at this location.
