### General Comments

The program is located inside a gym on UNB campus; therefore, the children have access to a large play area. This also allows for larger group activities inside.

Upon my arrival, children were drawing, doing arts and crafts and some were running on the mats.

There is a verity of materials for all interests.

Positive child guidance was observed such has gentle reminders and positive reinforcement. Both educators were observed speaking to the children at their level and consoling them when needed. Educators were observed engaged with the children in play and conversation, redirecting behaviours appropriately as well as speaking respectfully and kindly to the children in their care.

No order for compliance, therefore, the Centre is recommended for their license renewal.
