General Comments Licensing staff arrived to conduct a monitoring visit. The educators were on site when I arrived at 2:30 pm and the classroom was set up with a variety of materials and stations for the children. The Go Go bus arrived with the children at 2:45 and they came in, washed hands, went to the bathroom and gathered on the mat to review the Go Go Guidelines, which are the rules of the program. The staff used the phrase 3, 2 1 Look sharp to direct the children's attention and all child guidance was pro-active, calm and kind. The children had snack and went up to the main gym to play games. The program uses the main gym on Tuesdays, Wednesdays and Thursdays for an hour. The program then went to the green space by the main gym for outside play. They have an arts and crafts activity prepared to paint silhouettes on canvases for tomorrow and there were interesting examples of the children's work framed and on the walls. Their mixed media mushrooms were especially creative. Everyone is preparing for their Hallowe'en party next Friday. The room is well set up with a kitchen area, tables for arts and crafts and for snack, mats with building materials, books and 2 bean bags for reading, child sized chairs and tables, board games, and coloured pencils, paper and markers to name a few. The postings were on the parent board, and all the information was up to date and complete.
