<p>General Comments</p> <p>Visit to facility for annual inspection. School age children were present, preschool children finished their program for the year in early June. Ratio was respected during visit.</p> <p>Discussed with operator racking pea gravel closer to play structures to ensure proper amount of protective surfacing. Recommending that CSA standards be reviewed to ensure proper depth is present for "homade" structures. A copy of the CSA standards will be sent to the operator.</p> <p>Observations: Children were playing ping pong and other end of school year activities. They also went outside when I was leaving.</p> <p>Facility meets requirements under the Act and regulations, recommending licensing for another year.</p>
