General Comments
-Early-morning visit to the establishment for an unexpected monitoring inspection -Ratio was respected during the visit -Changes in the Legislation that applies to home base center was discussed with the operator -The operator and associated person records contain required checks and documentation -Minor incident reports are maintained in the child's file -Major incident report forms were reviewed with the operator -Daily activities into the center shows purposely planned and documented programming that gives children, time, and space for a free play experience, indoor and outdoor opportunities for physical activity either individually or in a group. -In the main room, evidence of purposeful planning based on children's interest and learning, webbing, invitation, photos and learning stories were posted. -Daily routine into the center includes; Outdoor play time at least once every 4-hour blocks time when the weather is permitting. Meal and snacks are served at the recognized hours and a daily rest period that meets the children's needs. -During the visit, it was observed that all educators are engaged with children at their level providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way -There is no need for a diaper changing station all children are potty trained -At the moment there is no allergy at the center -Drinking water is provided throughout the day -With the cold weather coming a kind reminder was given to the operator about hot beverages needs to be kept in spill proof containers. -The document outlining how to calculate ratios following the legislative changes was sent to the operator by email Observations: When arriving at the center children were getting dress to go play outside, I could see a wet painting project on the table, they played outside for a while, and they came in for a snack. After snack children had a free play period and were getting ready to read a book when I was leaving.
