General Comments
On the day of my visit the summer programming had begun. I followed up on the Fire Drill and materials for the classrooms. They will be adding more materials as they are on order and some of the materials need to be collected into the rooms. I noticed that the staff had not taken any outdoor toys with them for outside play and this needs to be done everyday. The staff has activity plans and ideas to help inspire them and I look forward to seeing this programming implemented.
