General Comments

- Visit completed at the facility in the afternoon for a monitoring inspection.
- Ratio was respected during the visit.
- During the visit, positive child guidance was witnessed.
- The employee files contain all required documentation. Administrator and educators have completed the Introduction to ECE course. 14 employee files were verified.
- Indoor play area materials and equipment are varied and in sufficient quantity for all children present. The materials are easily accessible and maintained clean and in good repair.
- Observations:
 - Infant room:
The infants were napping. The two infants that were not sleeping were participating in free play. The educator was engaged in the children's play.
 - 2-year-old room:
The children were napping. The educator was rocking and talking softly to the child who was not sleeping.
 - 3-year-old room:
The children were napping.
 - 4-year-old room:
The children were participating in quiet games at the table. The educator and children were having a discussion on letters. The children were interested in writing letters on a piece of paper. The children who were not interested in the letter activity were playing with playdough.
- Children's art is posted throughout the facility. Learning stories, webbing, constellations and children's pictures are in the hallway for the parents to see.
- Discussion with the administrator. The educator that does not have her CPR training cannot open, close the facility or be alone with a group of children. There is a plan in place.
